

Fall 2017

Epsilon Omega

Ball State University

Cardinal Sig

Welcome back!

It seems as though the summer came and went, but it feels good to be back at Ball State University for the 2017-2018 school year! Although the school year is here, let's not forget how much we accomplished as a chapter this summer!

Before the summer started, we were informed that our current sweetheart, Kellyn, was selected as a finalist for the International Sweetheart of Sigma Chi! She traveled out to Providence, Rhode Island for the 81st Grand Chapter of Sigma Chi, where she couldn't have represented the Epsilon Omega Chapter any better.

Along with that, we sent **four** of our brothers to Sigma Chi Horizons. Yes, four. Most chapters only send one or two, rarely three. Our four participants, Ethan Hacker, Stephen

Rosiek, Saxton Barnes, and Dominic Cassiere, learned so much and are ready to bring their new skills back to the house.

Chapter Officers Alumni Recruitment About Us Upcoming Events Gallery

Website – Finally Completed!

Over the summer, we worked diligently to rebuild our entire website. As Tribune, I worked on the website day and night and gave it the facelift it deserved. I can finally say that the website renovation is finally complete!

The new version of the website is definitely an upgrade. Sleeker, easier to navigate, and chock full of information. Our newest feature includes personalized bios for each member of our Executive Committee, as well as contact information and their LinkedIn pages if they have them.

The About Us page has been expanded to include history of the Epsilon Omega Chapter, Sigma Chi International Fraternity, social media pages, notable alumni, and a new Brother of the Month feature! With an updated Upcoming Events page and more pictures than before on our Gallery page, the website is all put together.

I would like to thank all the active brothers and alumni for their feedback on the website. Along with sending monthly newsletters to alumni, rebuilding the website was one of my priorities as Tribune.

Epsilon Omega Spotlight

Sigma Chi Horizons 2017

Over the summer, the Epsilon Omega Chapter had the pleasure to send four of our brothers to the Sigma Chi Horizons. Below are some thoughts from the brothers that attended Horizons.

Dominic Cassiere: “Horizons was honestly the greatest experience of my life so far. I learned a lot about leadership development and skills, how to improve group dynamics when in one, and lastly a lot of personal development finding my purpose and how I can improve the world. It was amazing getting to meet Sigs from all over North America and make strong bonds with them that will last forever. I was very thankful for my opportunity to go and am very eager to take everything I learned and apply it to my chapter in hopes of helping my brothers and the chapter overall to succeed. “

Saxton Barnes: “Horizons was the single most beneficial experience I have had as a young man. The opportunities for growth and learning it facilities are insurmountable by any other organization. I am truly grateful to have had the opportunity to experience such a great program and I urge every undergraduate brother to apply while they have the chance. It is truly the experience of a lifetime.”

Ethan Hacker: “Being able to go and experience The Horizons Leadership Summit has not only enhanced my department with others but has forever changed the outlook I have on my future. The impact Horizons left on me cannot be put into words. Meeting Sigma Chi’s from all over the country and Canada and being able to interact, live, and learn from them really made the entire week special. The way I carry myself, my approach in future endeavors, and my interaction with others has all been revolutionized, and I have Horizons to thank for that!”

Stephen Rosiek: “This past summer I had the opportunity to attend the Huntsman Leadership Summit in Snowbird, Utah. The memories I made, the experience I had, and the skills I learned could not be replicated by any other leadership development camp. I obtained information about myself that I will not only make me a better leader, but will also make me a better man. It was truly an honor to be selected, out of thousands of undergraduates, to attend the Huntsman Leadership Summit.”

Tribune/Alumni Relations Update

Brothers of Epsilon Omega,

Greetings from Epsilon Omega...this year is looking very promising for the Epsilon Omega chapter! As of September 2nd, we have had 33 young men accept bids to join the chapter as the newest pledge class! We are excited to see their journey from the beginning of their pledgeship to the time of their initiation. We've also had many of our brothers engaged on campus activities. Some of our brothers here signed their pledge with Step In. Speak Up. to raise awareness about sexual assault and consent on college campuses. We're all extremely excited for this year. We look forward to sharing more information about our chapter as the year goes on!

In Hoc,

John Wade

Message from our Sweetheart - Kellyn McMullan

Attending the 81st Grand Chapter this past June as an International Sweetheart finalist was an amazing experience that I'll cherish forever. I was so thankful to represent the Epsilon Omega chapter and I hope that I made all of the undergraduates and alumni proud! However, being back at Ball State for the 2017-2018 school year is even more exciting because I get to reunite with my favorite guys on campus. I've loved catching up with the brothers these past few

days and hearing their summer stories. The brothers have been enjoying their fall Rush events and I'm eager to meet the Fall 2017 pledge class soon and get to know the new members throughout their pledgeship! - *Kellyn*
